To Whom It May Concern:

Re: New Parking Ordinance

The Dallas Center City Council is currently in the process of approving an ordinance that will implement new parking hours for the Walnut Street Business District of Dallas Center (1400 block of Walnut). The change is to better ensure customers have the convenience of finding a parking location as well as assisting the City in maintenance and care of the area. The first reading of this ordinance was approved on January 10, 2012. The second (and potentially final) reading will take place on February 14, 2012. If approved, the ordinance will be enforceable upon publication.

The changes consist of limiting day time parking to four hours. There will be no parking from 2:00 AM until 6:00 AM. This change will allow the City employees to prepare the area during times of snow removal and street cleaning.

The purpose of this ordinance is not intended to hinder business but to free up long-term parking in front of business and to assist the City when an issue arises which needs to be addressed immediately. If you have any questions please direct them to either Brian Slaughter, Public Works Director or Michelle Leonard, Chief of Police. Thank You.

Brian Slaughter
Public Works Director

Michelle R. Leonard
Chief of Police
